SECTION XI.

APPEALS AND PROPOSALS FOR DISCIPLINARY ACTION.

There has been a significant increase in the number of disciplinary cases dealt with by the Commission during the year under report.

2. The Commission dealt with 263 cases (including 52 cases pending as on 1st April 1979) during the year 1979-80 whereas the Commission dealt with 340 cases (including 56 cases pending as on 1st April 1980), during the year under report. Of the 340 cases, the Commission called for the records of particulars in respect of 47 cases and the Commission's advice was communicated to the Government in respect of 212 cases leaving a balance of 128 cases. Of the 212 cases, the Commission advised modification of punishments in respect of 23 cases. In repect of 12 out of 128 cases records or particulars are still awaited.

3. There were 77 cases as on 1st April 1980, on which Commission had communicated its views and the Government had to pass final orders. Of the 289 cases (212+77), the Government had passed Orders on 170 cases leaving a balance of 119 cases Of the 119 cases, 25 cases relating to village Officers, on which the Government did not pass orders since the posts of Village Officers had been abolished. The Government sought revised views of the Commission in respect of 2 cases and the Commission had communicated its views thereon.

4 The average time taken by the Government in making a reference to the Commission, the time taken by the Commission in giving its advice and the time taken in issuing orders are as follows :—

Year	*Number of cases*	*Average time taken by the Government for making a complete reference to the Commission after issue of charge sheet in respect of appeal etc.*	*Average time taken by the Commission for giving its advice*	*Average time taken by the Government for passing orders after issue of Commissions advice*	*Total time taken (3+4+5).*
(1)	(2)	(3)	(4)	(5)	(6)
1980—81	170	19 months.	3.3 months.	6 6 months	28 9 months.

5. During the year 1979-80, 263 cases were dealt with by the Commission whereas 340 cases were dealt with by it during 1980-81. Disciplinary cases have necessarily to be considered with great care and therefore considerable time is required for examining all the records and reaching a conclusion regarding the charges and the penalties, if sny, to be imposed. The Commission has taken steps to see that no avoidable delay occurs in dealing with the cases. Details of number of cases involving charges affecting integrity and number of cases involving charges other than integrity department-wise in respect of Appeal/Petitions/Review Petitions/Revision Petition/Disciplinary Action /Proposal for reduction or recovery from pension are furnished in Appendix (E) in Tables, I, II and III.

6. The Commission also advised on one reference relating to grant of permanent injury pension to a Government Servant and on another reference for the grant of extra-ordinary pension to the Parent of a deceased Government Servant. The Commission was consulted by the Government and other appointing authorities in 37 cases in the matter of requests for alterations of date of birth of Government Servants.

SECTION XII

Government and the commission —(A) Instances of Deviation from the Commission's Advice

1. In April 1980, the Government in the Health and Family Welfare Department sought the Commission's concurrence under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954, for the regular appointment of Dr. M. Duraisamy, M B.B.S, a Senior Reader in Government Press, as Assistant Surgeon in the Tamil Nadu Medical Service. As the Commission found no special reasons for considering his case, it declined to accord its concurrence for his regular appintment as Assistant Surgeon. However, it suggested to the Government that as the candidate was fully qualified for appointment to the post of Assistant Surgeon in the Tamil Nadu Medical Service and as the vacancies in the post of Assistant Surgeon had also been notified by the Commission then for direct recruitment, he might be directed to apply to the Commission and take his chance at the direct recruitment. But the Government in G O. Ms. No. 8, Health and Family Welfare, dated 2nd January 1981, issued orders appointing Dr M. Duraisamy as Assistant Surgeon in the Tamil Nadu Medical Service with effect from the date of his taking charge of the post, as a special case, deviating from the Commission's advice. The Government decided to order regular appointment of an Officer in a gazetted post without following the prescribed procedure of recruitment inspite of the Commission's refusal to accord its concurrence for his regular appointment The grounds of justification for his appointment put forth by the Government were that he was sanctioned the payment of Scholarship by the Department of Backward Classes for his final year M B B S. and that the knowledge and talent acquired by his would go waste. These grounds are not peculier only to him but are applicable with equal force for all the Backward Classes students who came out of the M B B.S. Degree course.

The deviation by the Government from the Commission's advice was a violation of the convention established by the Government themselves that the advice of the Commission should be accepted in all cases except where matter of policy or where imperative reasons existed for not accepting the Commission's advice. This was not a

case in which either a matter of policy was involved or any imperative reasons existed for not accepting the Commission's advice but was a case of appointing a candidate in the gazetted post on regular basis otherwise than in the normal method of recruitment.

2. In December 1977, while forwarding draft *ad-hoc* rules for the temporary post of Sugar Technologist in the Directorate of Sugar for Commission's remarks the Government came up with the proposal to exclude the said post from the Commission's purview on the ground that the post was a highly technical one and that the first appointment to it had already been made by a Special Committee, consisting of the Special Secretary to Government of Tamil Nadu, Industries Department and two other Sugar Technologists besids the Director of Sugar, after advertising the post in the leading news papers in the country. The Commission while offering it's remarks on the draft *ad-hoc* rules, insisted on the Government to keep the said post within its purview and suggested that the post might be advertised by the Commission, for direct recruitment and that the temporary incumbent might be asked to apply for the post and take his chances. The Government in G O Ms No 870, Industries, dated 18th August 1978, issued *ad-hoc* rules for the post without referring anything therein about the exclusion of the post from the Commission's purview When the Commission requested the Government to state whether the post might be advertised by the Commission for direct recruitment, the Government reported that there was a proposal to transfer the project wing from the Directorate of Sugar to the Tamil Nadu Sugar Corporation. Therefore, the proposal for direct recruitment was dropped. The Government did not send any proposal to fill up the post by recruitment by transfer also till the end of March 1981 The Government, all of a sudden, without referring the matter to the Commission, again issued Order in G. O. Ms. 517, Industtıes, dated 21st April 1981, excluding the post from the purview of the Commission and regularising the services of the then incumbent in the post. The post, being a gazetted one, automatically falls within the commission's purview Eventhough, the Commission declined to accord its concurrence for the exclusion of the said post from its purview all of a sudden, after 2 1/2 years, the Government issued orders excluding the post from the Commission's purview, without adducing any fresh reasons. Although the Government stated that there was a proposal to transfer the post from the Directorate of Sugar to the Tamil Nadu Sugar Corporation, they had retained the post in the Directorate, excluded it from the Commission's purview and regularised the services of the incumbent with retrospective effect from 22nd May 1975. No policy matter or imperative reasons existed in this case and the Commission regrets to point out that the Government have resorted to this method to regularise the Services of an individual in the post,

3. In April 1980, the Government in the Food Department asked for the Commission's Concurrence under Regulation 16 (b) of the Tamil Nadu Public Service Commission Regulations, 1954 for the regular appointments of 7 candidates as Junior Assistants or Typists in the Civil Supplies Department in view of their long temporaray Services in that Department. One of them was a candidate who could not get through even the Special Qualifying Examination of the S S L C Standard held in 1977, in which a total of mere 30 per cent was the minimum required for selection Two did not choose to appear for the examination after sending their application. Others did not choose to apply for it at all or where not eligible to apply for it. The Commission refused to accord its concurrence for their regular appointment as a long period of temporary service alone could not be a sufficient justification to invoke the said Regulation to regularise their services But the Government, discarding the Commission's advice, issued orders regularising the temporary Services of the seven candidates as Junior Assistant or Typists in the Tamil Nadu Ministerial Service in relaxation of the relevant rules in their favour.

The well-established convention is that the Commission's advice should be accepted in all cases, except where matters of policy are involved or where imperative reasons exist for not accepting the Commission's advice. In the instant case, neither matters of policy nor imperative reasons existed for deviating from the Commission's advice and yet the Government have choosen to deviate from the Commission's advice, overlooking the established convention.

(B) NON-CONSULATION WITH THE COMMISSION IN REGARD TO APPOINTMENTS RULES, REGULATIONS AND DECIPLINARY ACTION

1. In G O Ms 2185, Public (General-II), dated 26th September 1980, *ad-hoc* rules were issued for the temporary post of Superintendent in the Office of the Special Commissioner to the Government of Tamil Nadu at New Delhi The said post, being a gazetted one, automatically falls within the Commission's purview. According to the provisions contained in Article 320 (3) of the constitution of India, the Commission should have been consulted before the issue of the said *ad-hoc* rules But the Government did not consult the Commission before the issue of the said *ad-hoc* rules. The Government were therefore requested to state the circumstances under which the Commission was not consulted before the issue of the said *ad-hoc* rules The Government, in reply, stated that, in view of the urgency in filling up the post of Superintendent in the Office of the Special Commissioner, Tamil Nadu House, New Delhi, *ad-hoc* rules were issued

in G O. Ms. No. 2185, Public (General-II), dated 26 h September 1980 without consulting the Commission and that the omission was invertent. The Commission transists that such omission on the part of the Government will be avoided in future.

2 In October 1976, the Government, in the Health and Family Planning Department forwarded draft amendments to the ad-hoc rules for the temporary post of Director of Indian Medicine for the Commission's remarks. In the draft amendments, among others the educational qualifications prescribed for the said post were proposed to be changed as follows :—

"Must have obtained the H P.I M , or G.C.I.M , or M.D (Siddha) or B I M , or an equivalent qualification recognised by the Government of Tamil Nadu for registration with the Central Board of Indian Medicine and must be a registered practitioner or Indian Systems of Medicine: Provided that, other things being equal, preference shall be given to candidate who holds a Post-Gratuate degree in addition to B I.M Degree"

The Commission agreed to those amendments But, in the amendments issued in G. O. Ms No 753, Health and Family Welfare, dated 26th April 1980, the above said qualification was modified and issued as follows :—

"Must have obtained the M D. (Siddha) Degree Holders of H P.I M , or G C I M , or B I.M , or an equivalent qualification recognised by the Government of Tamil Nadu for registration with the Central Board of Indian Medicine *shall also be considered* for appointment, if a holder of M D (Siddha) *is not* available for appointment". According to the above modified qualification, the holders of H. P I M , or G C I M , or B I.M., shall be considered *Only* if holders of M.D. (Siddha) are not available. According to the provisions contained in Article 320 (3) of the constitution of India, the Commission should have been consulted before effecting the above said change in the qualifications for a post which is within the Commission's purview But this was not done by Government in this instance. The Government who were requested to state the circumstances under which the Commission was not consulted before effecting the above said change while issuing the amendment to the rule relating to qualification for appointment to the post of Director of Indian Medicine stated that the Commission's observations had been taken note of and that in this particular case, the omission to consult the Commission referred to had been due to *inadvertence*. The Commission trusts that such omission on the part of the Government would be avoided in future.

3 In June 1977, the Government sought the Commission s concurrence under the latter part of Regulation 16 (b) of the Tamil Nadu Public Service Commission Regulations 1954 for the regular appointments of Selvi Maria Cabral and Thirumathi K Shiva Kumari as Tutors in English in the Tamil Nadu Educational Subordinate Service. The Commission regretted its inability to accord its concurrence and informed the Government that the candidates might be asked to apply to the Commission when the posts were advertised, with the undertaking of relaxation of relevant rules in their favour, wherever necessary, if selected Selvi Maria Cabral and Thirumathi K Shivakumari were appointed temporarily as Tutors in English in the Madras Veterinary College in 1967 and 1968 respectively pending issue o ad-hoc rules governing the post by the Director of Veterinary Education and Research. *Ad-hoc* rules for the post of Tutors were issued only in 1975 with retrospective effect from 29th December 1967 after the posts were brought within the Commissons purview Selvi Maria Cabral was fully qualified for the post as she was in possession of M A. degree But Thirumathi K Shivakumari was not qualified, as she possessed only a third class B A. degree According to the existing qualifications, both of them were not qualified, as Selvi Maria Cabral had not obtained 50 per cent of marks in her M A. degree and as Thirumathi K Shivakumari possessed only a III Class B A degree So, their services could not be regularised. Again in March 1978, the Government sought the Commission's concurrence for the regular appointments of Selvi Maria Cabral and Thirumathi K. Shivakumari on the ground that they had put in long years of Service as Tutors and that no further estimate of vacancies in the post of Tutors in English would be sent to the Commission. The Commission again declined to accord its concurrence and expressed that the continuation of their long years of service was unwarranted There had been a large number of qulaified candidates available for selection from open market all those years. Inspite of the consistant and reasonable stand taken by the Commission all along the Government once again approached the Commission to reconsider the matter sympathetically on humanitarian consideration as the individuals had put in a long years of service and that, if their services were to be terminated it would be a hardship to them. The Commission after examining the case in depth, had no other alternative but to reiterate its earlier views as there was no justification to accord its concurrence for the regular appointments of Selvi Maria Cabral and Thirumathi K Shivakumari The Government, however, issued orders in G O Ms No. 84, Education dated, 13th January 1981 regularising the services of Selvi Maria Cabral and Thirumathi K. Shivakumari as Tutors inspite of the Commission's refusal to accord its concurrence for such regularisation. They have relaxed relevant rules in the candidates favour. The Government have also instructed the Director of Collegiate Education to fix up the seniority of the two individuals in consultation with the Commission

It is regrettable that irregular temporary appointments made and continued for long years have not only been not terminated as advised by the Commission but have been rewarded with retrospective regularisation.

ACKNOWLEDGEMENT.

The Commission records its appreciation of the willing co-operation extended by various Trusts, Educational Institutions and their officers in the matter of providing suitable accommodation for the various examinations held by the Commission.

The Commission is also grateful to the examiners and expert advisers, who in spite of their personal inconvenience, readily accepted the Commission's invitations and assisted it in the conduct of different examinations and selections of officers to the various posts under the State Government.

Finally the Commission places on record, its appreciation of the loyal and efficient service rendered by its staff throughout the year.
